Bally Manufacturing Company
Chicago, Illinois

Attn: Consumer Products Division

Dear Sirs:

We have just purchased a Bally Arcade and are happy with it. However, the salesperson was unable to answer any detailed questions regarding the "Basic cartridge", butdid give me the name of Mr. Robert Fabris, who I am told is a private individual who might also be able to answer my questions.

A copy of my letter to him is enclosed and I would appreciate your answering any and all of the questions in it if you can.

Besides the single sheet colored announcement supplied to me by the retailer, is there any other information you have?

Thank you and we will look forward to your response.

Sincerely,

Todd S. Deutsch
